

EaseConnect & EaseConnect+

Leverage Ease's carrier connections for all of your clients with **EaseConnect** & **EaseConnect+**. Open enrollment and mid-year changes can be submitted directly from Ease to your carriers.

How Does It Work?

With both EaseConnect & EaseConnect+, long EDI implementations are a thing of the past. What's the difference between EaseConnect and EaseConnect+?

easeConnect

Features

- Simple connection setup
- Enrollment submitted directly to carriers
- Businesses down to 2 employees
- Easily add new lines of coverage

Partners

Set up and use carrier connections for clients of all sizes.

| • Guardian | • The Standard† |
| • Humana | • Unum Group |
| • Lincoln Financial Group | • VSP |
| • MetLife | |
| • Mutual of Omaha | |
| • Principal | |

† New business only.

How Do Carrier Connections Benefit You and Your Groups?

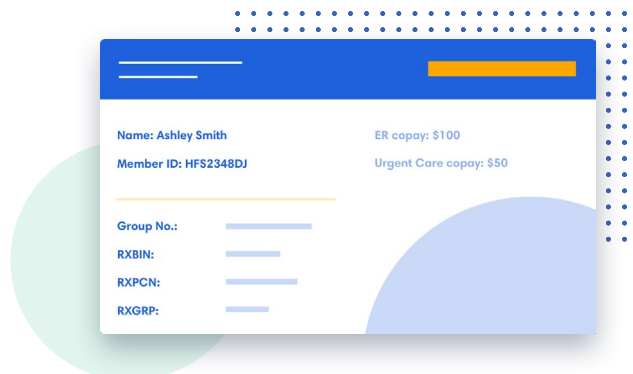

Secure Submission

Submitting enrollment data directly to carriers is safer than enrollment forms. EaseConnect offers your groups a higher level of data security. Ease notifies you as soon as your submission is accepted by the carrier.

Better Service

Elevate your level of service for your clients. With EaseConnect, ID cards are sent to employees faster. Your groups will feel like they work with a Fortune 500 company.

How To Get Started

For current Ease subscribers:

- For EaseConnect+ connections, please email easeconnectionsteams@ease.com
- For EaseConnect connections, visit your marketplace to enable the connection.
