

Streamline Enrollment With EaseConnect!

Struggling to keep track of your groups' paper enrollment forms? Wish you had a more secure way to quickly send your groups' enrollment information and changes directly to carriers? Welcome to EaseConnect!

With EaseConnect, you can securely submit and send enrollment information directly to carriers through Ease. **Data is sent directly to carriers, speeding up approvals and ID card delivery.** Use EaseConnect to make your groups feel like they work for a Fortune 500 company!

Why EaseConnect?

Simple connection setup

Easily add new lines of coverage

Enrollment submitted directly to carriers

Increase your commission

Most connections are available for businesses down to two employees
