Streamline Enrollment and Eliminate Change Forms With EaseConnect+!

Are you wasting hours each week manually processing and submitting enrollments and change forms? Are you tired of tracking new hires and terminations for each of your groups?

It's time to get connected with EaseConnect+ and start saving valuable time.

EaseConnect+ is a direct connection between Ease and carriers that the Ease team sets up and manages in partnership with your agency. With EaseConnect+, benefits information is accurate, complete, and quickly flows between Ease and carriers, making enrollments and changes faster, easier, and more secure than paper forms.

Why EaseConnect+?

- The Ease team will work with your agency to manage the setup and maintenance of your carrier connections, including discovering and resolving data differences between Ease and the carrier.
- You never have to submit a paper form to carriers again, giving you more time to spend working on sales efforts.
- The connection securely and directly submits enrollment and change data to carriers.
- You have the ability to easily work with different carriers at once.
- You can increase your commission by easily adding new lines of insurance coverage.
- You'll see a better enrollment experience for you and your groups.
