

# Ease & MetLife Connection Overview

Ease and MetLife are partnering to make it easier to offer and manage dental, vision, life, disability, and worksite plans.

## A Real-Time Connection

Submit and send required enrollment data to MetLife via Ease. Information is always kept up-to-date because adds, changes, and terminations are automatically sent to MetLife on a weekly basis.

## Setup Led by Ease

As an EaseConnect+ connection, Ease will work side-by-side with your agency to manage the setup of this connection for you and your groups.

## Submission Feedback

You will receive email alerts directly from Ease to notify you when submissions are approved or denied by MetLife. You can find any errors you need to correct inside of Ease.

## Add New Lines Of Coverage

Increase your commission by easily adding new lines of coverage. This connection supports MetLife's dental, vision, life, voluntary life, long-term disability, short-term disability, and worksite products.

This connection supports new and existing business. Groups wishing to use the connection must have an established account structure before setup.
