

## Ease Marketplace: Your Competitive Advantage

Don't get left behind, leverage the Ease Marketplace partnerships to streamline your business and enhance your service offerings.

Are you searching for products that will help you grow and streamline your business, but are overwhelmed by the amount of choices and steps it will take to get everything set up? Say hello to the Ease Marketplace. The Ease Marketplace is your one-stop shop to discovering all the partners and resources you need to offer a comprehensive, and competitive suite of services to your clients.

### Why the Ease Marketplace?

#### Meet Client Demands

Your clients have a growing list of needs and you're uniquely positioned to meet them. From HR tools and telemedicine to payroll providers and compliance resources, the Ease Marketplace gives you the power to meet the new needs of your clients.

#### Streamline Your Workflow

The Ease Marketplace's 35+ partners will help you connect directly to carriers for enrollments, adds, and changes, receive enroller and General Agency support, manage COBRA, and more.

#### Quick Start

Every Ease Marketplace partner has an informational profile with videos, brochures, and contact information. Getting started is a breeze thanks to the Marketplace Setup Wizard, which guides you through the setup process step by step.

## How It Works

### Enabling Marketplace Partners for Your Agency

1. Log in to Ease and click 'Marketplace' at the top of the screen.
2. Select the category, such as "EaseConnect," and click the partner tile to view details such as a brief description, brochure, video, and pricing.
3. Click "Enable" to complete setup with the Marketplace Setup Wizard.

### Enabling Marketplace Products for Your Groups

If enablement is required at the company level, you will be notified when enabling a partner in your agency account Marketplace.

1. Navigate to the company you wish to enable the partner for and click Marketplace on the top navigation, located after Logins and before Settings.
2. Navigate to the appropriate category and partner, and click enable.
3. If necessary, you will be prompted to complete the Marketplace Setup Wizard to complete setup.
