

You're missing out on term life insurance commissions.

Ease & Ethos, an insurance company using predictive analytics and big data to issue personalized policies, work together to make it easy for you to offer term life insurance.

Quick Enrollment Experience

1. Navigate to the Ethos tile in your broker marketplace and select "enable."
2. During enrollment, employees will learn about Ethos term life insurance.
3. If employees wish to enroll, they'll be asked to answer one question in Ease before being taken to Ethos to view eligible policy options.
4. Applications are submitted in Ethos and coverage begins in as little as 7 days.
5. Ease pays you commission on every single employee who enrolls in Ethos from Ease.

No Plan Setup Required

When you offer Ethos life insurance through Ease, you can:

Increase your commission effortlessly without spending a minute on plan setup or administration.

Offer personalized life insurance policies thanks to Ethos' custom analytics that take into account an employee's life holistically, leading to lower costs, easier access, and portability.

Give employees quick, affordable coverage that protects their families. Employees only need to answer one question in Ease to get started with a personalized quote.

Email getethos@ease.com to add Ethos to your offering this open enrollment season.
