

HRIS the Easy Way

With **EaseHR**, gain access to the ultimate business solution.

Keep everything in sync.

- Manage benefits and HR tasks in one system under one login.
- Sync HR information across every aspect of Ease, including benefits, payroll integrations, and onboarding.

Helpful software for real people.

PTO policies

Add every holiday and set up even the most complex PTO policies for employees. Employees can view their remaining hours per policy, including PTO, sick leave, and FMLA.

Time-off tracking

Employees submit their requested time-off in Ease, and it's sent directly to their manager to review and approve whether they're in the office or on the go.

Metrics

Get a glimpse into the company with visualized HR stats, including employee growth, company diversity, and organization charts.

Employee events

Never miss an opportunity to celebrate your employees with tracked birthdays and work anniversaries.

Company directory

Access a full directory of employee names, contact information, location, and departments.

Org chart

Familiarize yourself with the company org chart, and find each department, manager, and employee.

Ease iOS & Android mobile apps

Access time-off tracking and company directory from anywhere, at any time. Bonus — push notifications can alert users of time-off requests, cancellations, approvals, or denials.

An effective HR program saves time and money.

Did you know?

A single bad hire can cost up to \$50,000 from lost productivity, onboarding, training expenses, and rehiring for the open role.¹

Wage and hour violations may run a **\$10,000 penalty** under the Fair Labor Standards Act.²

A potential fine for each Occupational Safety and Health Act (OSHA) violation can be **up to \$7,000**.³

Investing **ONE dollar in HR saves \$10** in long-term investigation and litigation costs.

Plus, investing in HR can result in a host of other benefits as well:

- Greater customer retention
- Higher productivity
- Increased operating income
- A rise in referrals
- A decrease in employee disengagement
- Fewer safety incidents
