

# Connecting to bring you a better benefits experience

MetLife and Ease are combining their customer-focused solutions to make it simpler for you to offer and manage employee benefits.

## Experience better benefits

We're taking the guesswork out of benefits while streamlining the customer experience, making it easier to connect employees with the coverage that suits their needs.

### Direct submission

Send required enrollment data to MetLife via Ease. With Ease's automatic weekly updates, you can rest assured your employee records are up to date.

### Submission feedback

Receive email alerts as your MetLife submissions are approved or denied. Use Ease to easily detect and correct any errors.

### Seamless setup

Ease manages the entire setup for an easier and faster onboarding experience.

# Presenting a wide range of options to fit employees' needs

From ancillary benefits to voluntary coverage, you can offer your employees a broad range of choices—all managed in one place.

## Our system accommodates scalability and speed:

Single file for MetLife benefits

Multiple brokers

Automated, weekly enrollment processing

Compatible with groups of any size

## Connect employees to a robust selection of benefits, from a single carrier:

Dental

Vision

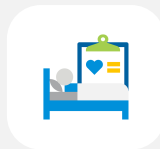

Disability

Life

Accident

Critical Illness

Cancer

Hospital Indemnity
