JH Julian Hunt	Not started	Port Jazmin	Full time	13 Mar 2017

Why Ease & Trustmark?

Ease and Trustmark Voluntary Benefits are partnering to make it easier for you to offer and manage Trustmark's accident, disability, critical illness, universal life, and hospital indemnity plans.

Direct Submission

Send required enrollment data to Trustmark via Ease. Changes can be made in Ease, and any adds and terminations will be sent to Trustmark instantly.

Add New Lines Of Coverage

Increase your commission by easily adding new lines of coverage. This connection supports Trustmark's accident, critical illness, hospital indemnity, disability, and universal life with long-term care plans.

Instant Enrollment & Evidence of Insurability

Plan eligibility, enrollment, and evidence of insurability occur directly in Ease through Trustmark's system, Simplink.

Quick Setup

Once your plans are set up in Simplink, plans can be added in Ease within a matter of seconds. Enter the Simplink plan ID, plan type, plan name, start date, and tax status, and all other details like rates and contributions will auto-populate.

This connection only supports new business. Groups wishing to use the connection must have an established account structure before setup.

How to Get Started

If you are a current Ease customer, please enable Trustmark in your Marketplace. Then, enable Trustmark for each group you would like to use the connection for.

If you are not a current Ease customer, please contact requestinfo@ease.com to see how Ease can help you grow, protect, and digitize your agency.
