

How It Works

To leverage Ease's integration with eBenefits Network, eBN, follow these simple steps to provide more automation for yourself and your customers.

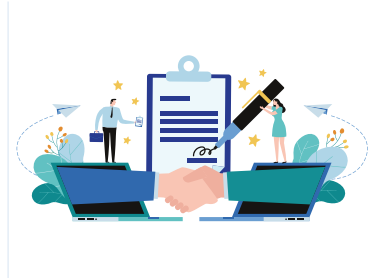

Key:

-  One time only for enabling eBN
-  Steps for each customer

**Step 1:
Execute
Agreement
with eBN**

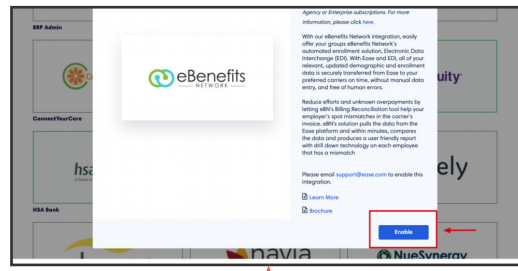

To execute the agreement, please contact info@ebenefitsnetwork.com. An eBN representative will be in contact within 24 hours to review the eBN Carrier Connectivity Implementation Process, Best Practices, demo their portal and provide pricing.

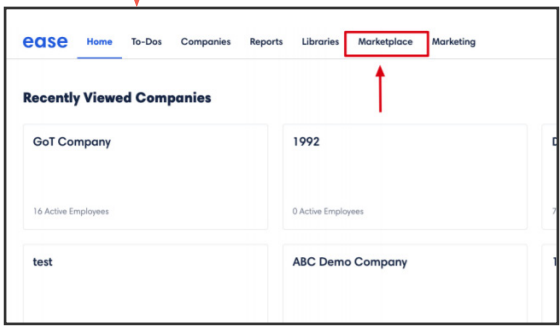

**Step 2:
Enable eBN**

Once you are ready to enable eBN, login to your Ease platform and follow the below steps.

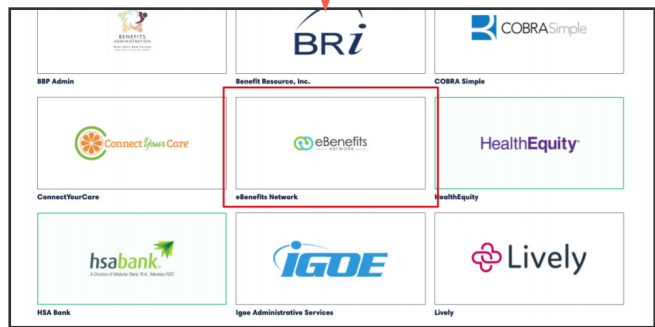

HR & Compliance	2 enabled	Reduce administrative burden, simplify compliance, and manage company growth with ease.	View
EaseConnect	2 enabled	Ease sets up and manages connections that send enrollments and changes directly to your favorite carriers.	View
EaseConnect	7 enabled	Connect directly to carriers for easier enrollment and plan submission.	View
Payroll Integrations	3 enabled	Connect directly with payroll providers to automatically sync deduction and demographic information.	View
General Agents	11 enabled	Receive assistance for building cases, educating employees, and increasing overall satisfaction.	View
Third Party Administrators	7 enabled	Offer unique and flexible HSA, FSA, and COBRA plans without the tax burdens or file claims.	View
Broker Support	8 enabled	Enrollment & case build support.	View
Telemedicine	1 enabled	Access HRA compliant providers with around the clock healthcare great services.	View
Tailored Benefits	4 enabled	Build customized and affordable benefit experiences for employees.	View

**1.
Go to Marketplace**

**2.
View Third Party Administrators**

**3.
Click on eBenefits Network**

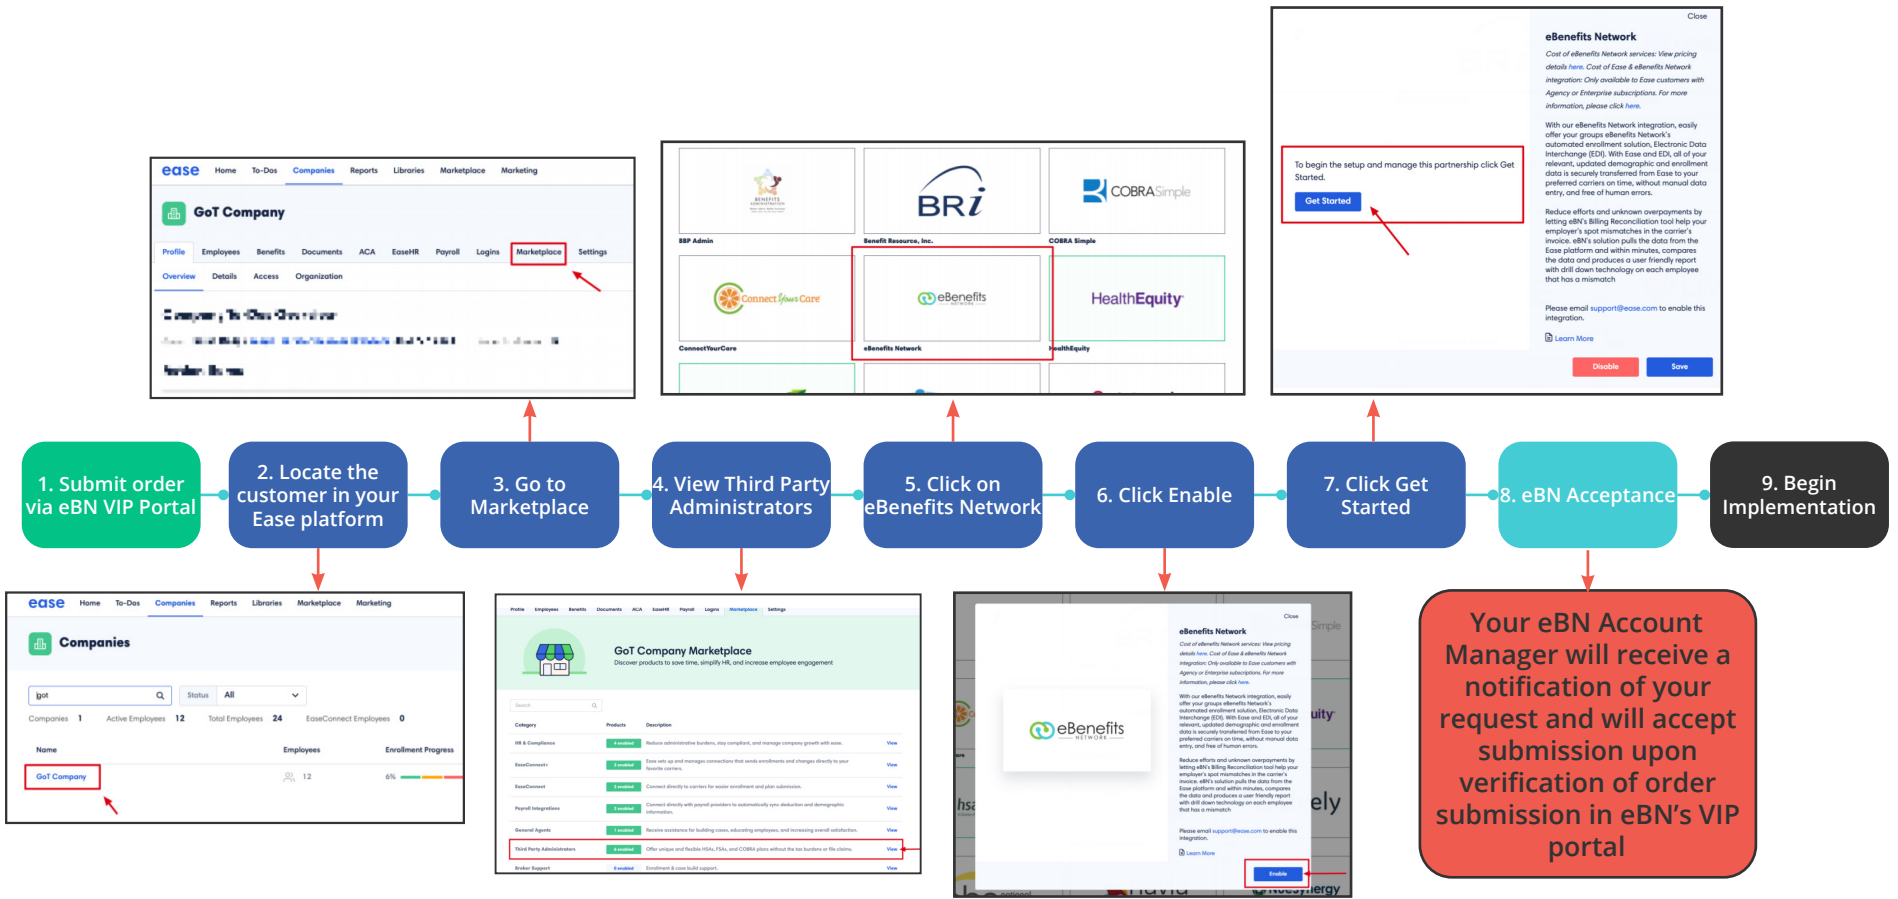

**4.
Click Enable**

**5.
eBN Acceptance**

Your eBN Account Manager will receive a notification of your request and will accept once verification of contract execution.

**Step 3:
Connect Your
Customers**

**Once eBN has accepted your request, you are now able to take advantage of carrier connectivity service.
To enable eBN's carrier connectivity for your customer, please follow the steps below.**
